GRAND MASTER LIM CHING SING IN GREECE

On May 8th and 9th of May 2010, Grand Master Lim conducted his second annual seminar in Preveza, Greece. The event was organised through the efforts of Spiros Nastopoulos 6th Dan as a part of Grand Master Lim's European tour.

A vast amount of knowledge was passed to the students through sparring combinations, patterns (Tuls) and practical self defence based on General Choi Hong Hi principles.

Participants of all ages and experience from yellow belt to 6th Dan instructors enjoyed the time spent with Grand Master Lim and all were rewarded with hand signed certificates from the Grand Master Lim.

The forty participants, were witness to refined patterns, accurate and powerful

We look forward to next seminar.

SENIOR MASTER VICENTE MARTINEZ 8 ° DAN

ENTREVISTA A UN GRAN MAESTRO Y UNA GRAN PERSONA

Con motivo del 20 aniversario del Club Won Almàssera, entrevistamos a su fundador, el Maestro Vicente Martínez VIII Dan. Con esta breve entrevista conoceremos un poco más sobre sus inicios en el Taekwon-Do Tradicional.

¿Cuándo empezaste a practicar Taekwon-Do?

Hace 32 años con el Maestro Marino Chico. Al principio hacíamos Taekwondo WTF. Después, en el 87 Marino contactó con el Maestro Mario Pons e iniciamos nuestro camino en el Taekwon-Do Tradicional.

¿Cuáles eran tus metas?

En un principio mi intención era practicar deporte, era un hobby. Después me planteé llegar a cinturón negro.

¿Y ahora?

Cuando llegué a cinturón negro mis objetivos cambiaron. Me interesaba aprender conocimientos del Taekwon-Do Tradicional con los Grandes Maestros de todo el mundo. Además de eso, mis metas también eran, y siguen siendo, llevar a mis alumnos a campeonatos internacionales y verlos conseguir triunfos, que son los míos también.

¿Creías que ibas a llegar tan lejos?

Sinceramente no. Conforme iba adquiriendo conocimientos me iba poniendo metas y así hasta el momento.

¿Cuál ha sido tu mayor alegría y tu mayor decepción?

Mi mayor alegría ha sido ver a mi hijo Vicente quedar campeón de Europa con el equipo español y a mi hijo Zoe quedar subcampeón también con el equipo. Por otra parte, en lo personal, mi mayor decepción ha sido que mi hijo Vicente no consiguiera el oro en Tuls en el campeonato de Europa; en lo profesional, me desilusiona que no haya unidad en las tres federaciones por motivos políticos.

¿Quieres añadir algo más?

Quisiera aprovechar esta ocasión para decir a todas las federaciones, tanto nacionales como internacionales, y a los practicantes de Taekwon-Do Tradicional, que se dejen de política, que unidos se hace la fuerza y que hay que luchar por el bien del Taekwon-Do. Todos unidos conseguiremos llevarlo al lugar que se merece.

INTERVIEW WITH A GREAT MASTER AND A GREAT PERSON

To mark the 20th anniversary of the Club Won Almàssera, we interviewed its founder, Master Vicente Martínez VIII Dan. This short interview will let us know more about his beginnings in Traditional Taekwon-Do.

When did you start practicing Taekwon-Do?

I started 32 years ago with Master Marino Chico. At first we did Taekwondo WTF. Then, in 1987, Marino contacted Master Mario Pons and we started our way in Tradicional Taekwon-Do.

Which were your goals?

At first my intention was to play sports, I did it like a hobby. Then, I planned to reach black belt. And now?

When I got the black belt, I changed my goals. I was interested in acquiring knowledge of Traditional Taekwon-Do with the Great Masters from around the world. Besides that, my goals were also, and still are, to take my students to international championships and watch them success, which is my achievement, too.

Did you think that you would go so far?

Honestly not. As I was acquiring knowledge I proposed myself different goals.

What has been your greatest joy and your biggest disappointment?

My greatest joy has been to see my son Vicente become European champion with the Spanish team and also my son Zoe become second with the team. On the other hand, personally, my biggest disappointment was that my son Vincent did not get gold in Pattern in the European championships; professionally, I'm disappointed that there is no unity in the three federations for political reasons. Would you like to add something else?

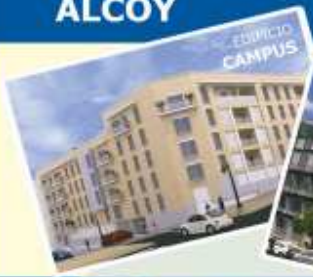

I would like to say to all federations, both national and international, and to all practitioners of Traditional Taekwon-Do, that we have to leave policy, that we must fight for the sake of Taekwon-Do. All together, we will manage to get it to the place it deserves.
